2.3.7 - Teaching learning process nurtures creativity, innovativeness, intellectual and thinking skills, empathy, life skills etc. among students

Innovation in education encourages teachers and students to explore research and use all the tools to uncover something new. It involves a different way of looking at problems and solving them. Learning involves challenging, refining and improving understanding by being made to think hard. Sometimes, to understand new concepts and broaden perspectives, our approaches to thinking need to be creative, imaginative and lateral, as well as linear. Learners should understand how they can question or challenge established knowledge to help them to formulate their own understanding and imagination can play an important role. It is vital that learners have sufficient understanding of the material with which they are being asked to be creative. Creative approaches can be very helpful in remembering information, The processes used by champions at the world memory championships are highly creative as they use the mind capacity to recognise and remember chunks of patterns that have meaning to the individual much more effectively than isolated facts.

2.6 - Evaluation Process

2.6.1 - Continuous Internal Evaluation (CIE) of student learning is in place in the institution Describe details of the Continuous Internal Evaluation in the institution highlighting its major components in not more than 100-200 words

Shiva College Education adheres to the academic schedule set out by WBUTTEPA & the University of Hemchand yadavfor the purpose of conducting a continuous internal assessment system. The academic

calendar contains information such as the start and end dates of classes, timetables for internal examinations, and so on. Evaluation of each course is done through internal assessment and semester end examination. Internal evaluation is done on continuous basis in order to assess the performance of the learners. For the process of evaluation of M.Ed. students the rule of West Bengal University of Teachers' Training Education Planning and Administration, rules of The University of Burdwan for B.Ed. courses. Continuous internal evaluation was conducted with student centric approach. Evaluation was done through unit test, test exam, midterm exam, assignments, project etc. Due to Covid 19 pandemic, digital platforms were used for assessing the performance of students. Evaluation in a continuous mode has helped improve student regularity and participation in practical as there are marks for each class attended and assignments completed. Each department has worked out the details of how the CIE will be carried out taking care that learning objectives are achieved through the different assignments.

2.6.3 - Mechanism for grievance redressal related to examination is operationally effective

Rajendra Academy adopts grievance redressal mechanism for the redressal of the grievances of the students. For proper actualization of this mechanism, there is a "Grievance Redressal Box" shortly known as "G. R Box". The students have to put their grievances in writing in plain paper in that box and these grievances are discussed in the meeting of the Grievance Redressal Cell of the institution. After thorough discussion of the grievances put forth by the students with proper justification, the grievances are sent to the management authority by the principal for its redressal. If the complaint needs any broader or large scale discussions/solution, then that is done by including Principal, other staff members, PTs or even aggrieved members. The suggestion or conclusion of the committee is passed on to the Principal /management for further action or implementation. To imbibe management skills students are given Vocational training through value added courses. Institute has a transparent mechanism for grievance redressal and anti-sexual harassment and Anti ragging through dedicated committees.

2.6.4 - The institution adheres to academic calendar for the conduct of Internal Evaluation Describe the mechanism of adhering to academic calendar for the conduct of Internal Evaluation in the institution in not more than 100-200 words.

Every year we prepared the academic calendar for the institute and also a department wise activity schedule for smooth functioning. At the beginning of each academic year an Academic Calendar is prepared for complete year for all the programs. Our Academic calendar covers all important dates for students such as a start of semester, theory class, internal assessment, practicum, assignments, various co-curricular & extra activities, semester end exam, holidays etc. The academic calendar is displayed on the institute website, college notice board and also shared with the head of the departments so as to ensure proper execution. A copy of academic calendar for Session 2020-2021 is attached for reference. The process of Academic Calendar, Time Tables, Teaching plan and Teaching record is followed by WBUTTEPA, The University of Burdwan as well as Govt. of West Bengal and Govt. of India. The Academic Calendar helps students getting the full visibility of events that would happen during the year. The advance release of Academic Calendar also makes sure the activities and events happen exactly as per the plan and these do not need additional communications. Considering the academic calendar each department functions according to the teaching plan prepared at department level.

2.7.3 - The progressive performance of students and attainment of professional and personal attributes in line with the PLOs and CLOs is monitored and used for further improvements

The most appropriate assessments to improve guidance in student learning are online quizzes, unit tests, writing assignments, and other assessments that teachers make in their classes on a regular basis. Since the outcomes of these evaluations are directly related to classroom teaching goals, teachers depend on them. Teachers must adapt both their approach to evaluation and their perception of the outcomes in order to use classroom evaluations to improve. Despite the importance of assessment in education today, some teachers receive very formal training in assessment design or analysis. Lacking specific training, teachers rely too heavily on assessments submitted by the publisher of their textbooks or instructional materials. When no appropriate assessment is available, teachers construct themselves in a disgusting fashion, with questions and essays similar to those their teachers used to use. They form assessment as assessment instruments, to be used The Program outcomes; Program Specific Outcomes are helpful in developing the framework of teaching and learning. The Course outcomes facilitate in clear understanding about the course expectations and also support the process of learning. The Course outcomes also present a clear picture of employability, skill development and entrepreneurship prospects of the course. File Description

2.7.5 - Performance of students on various assessment tasks reflects how far their initially identified learning needs are catered to. Describe with examples the extent to which the assessment task and the performance of students reflect their initially identified learning needs in not more than 100 -200 words.

Shiva College has evolved its own dynamic mechanisms for student assessment and adoption of remedial measures to assist students facing constraints. The system of continuous internal assessment through tests, seminars, assignments, sessional work, and online classdiscussions allows teachers to monitor and assess the progress of students. This system also helps students to get a feedback about their progress during mid-course so that they can work towards improvement. Based on their performance, students are advised and encouraged to attend remedial/tutorial classes that are included in the teaching schedules. These provide an opportunity to both advanced and slow learners to meet faculty members for individual- or smaller group-based learning sessions. Such sessions facilitate

adherence to high standards of teaching learning, academic rigor with minimum or no dilution of the course content. College also have designated student counselors among faculty members who interact with, and assist students in both professional and personal matters so that they do not lose focus and are able to improve their academic standards. Students are encouraged to optimize their potential through special opportunities provided to them by way of scholarships, fellowships, awards and other recognitions.

The Alternative Energy Sources of Rajendra Academy For Teachers' Education is made for proper implementation and efficient utilization of renewable energy sources in such a systematic way so as to minimize its impact on the environment. An alternative Energy source offers the opportunities for student's community to engage in initiatives for contributing to environmental protection. LED bulbs are filled with required energy and can use less power when compared to incandescent light bulbs. They are highly efficient. LED bulbs are used in various places in the college for achieving proper lightings. The CFL fittings with higher rating wattage are replaced with LED fittings with lower wattage with the same luminous level in street lights and other possible areas of the campus. Energy star certified products are installed in air conditioners, refrigerators, ceiling fans and others in the campus. College is very much aware that energy saved is energy generated. Therefore energy conservation is being treated as priority. Students have been made aware by energy club about switching off the lights and fans while coming out of the classrooms and laboratories.
